

GRAPPA DI MONTEPULCIANO D'ABRUZZO

Montepulciano d'Abruzzo, with its characteristic full-bodied taste, has been for years the wine that best represents Abruzzo. The generous taste of this grape variety gave us the idea to distillate it for making a type of Grappa, which proved to be excellent, with an intense bouquet and a smooth taste. A very good Grappa to enjoy in the best culinary occasions. Alcohol content: 40% vol Content: cl 50 / cl 70
